Taiwan-based manufacturer Vanbestco gives complete sustainable solutions to sustainable footwear.

Vanbestco Ltd, a 44-year experienced Taiwan-based footwear manufacturer, has turned over a new leaf on sustainable footwear.

Vanbestco Ltd has been manufacturing professional and lifestyle since 1977. For over a decade, Vanbestco focuses on "real sustainability", with the commitment to "be the change", leading their partners to move toward sustainability.

As a problem solver, Vanbestco has been working to find new solutions to eliminate the unnecessary intake and, to discover new possibilities. Vanbestco rethinks the production process of footwear and makes betterment. Changes never come easy, but Vanbestco acts on it and here come the results.

During ISPO Munich Online 2021, Vanbestco will be showcasing a wide variety of outdoor and casual footwear created with natural and eco resources. From upper to outsole, from recycled to bio-based - the solutions are here.

Performance, style, and sustainability can go hand in hand.
