Dr. Jacoby's Pferdesalbe MEDIC Medical Device

The medical device also handy in the 200 ml tube.

Dr. Jacoby's Pferdesalbe MEDIC, the proven Pferdesalbe, more advanced – as a medical device! Relieves specific back tension, muscle and joint discomfort after stress, soothes tired and sore muscles. Now even further improved by the higher active ingredient content of the medical device, Dr. Jacoby's Pferdesalbe MEDIC works in two phases with cold-warm therapy:

1. Menthol and camphor for soothing, long-lasting cooling. Cooling is a tried-and-tested first aid measure.
2. Arnica and rosemary are ideal for blood circulation-promoting massage. This heat thus enters deeper muscle layers and relaxes sustainably.

Move without pain with Dr. Jacoby's Pferdesalbe MEDIC medical device – a good way to improve! Practical in the 200 ml tube for soothing cooling and pleasant warmth and relaxing even for on the go.

Ingredients:

Aqua, Isopropyl Alcohol, Arnica Mexicana, Rosmarinus Officinalis, Camphor, Carbomer, Menthol, Linalool, Limonene, CI 42051, Methyl Salicylate (Gaultheria-procumbens extract)

Character: 899 (incl. spaces)
