Dr. Jacoby - Promote mobility with all the power of nature

Caring for life with the art of promoting well-being - this is possible with the care and medical products from Dr. Jacoby. The valuable recipes with natural ingredients ensure mobility and performance, help with movement injuries and have a relaxing effect. Whether for sport or in everyday life, Dr. Jacoby always has the right product and helps with problems with the musculoskeletal system. Whether sore muscles, tension, strains or bruises - Dr. Jacoby relaxes and strengthens. The raw materials are selected carefully and from sustainable resources. Only what is really necessary goes into the products. Natural alternatives are being sought for replaceable chemical additives, short distances protect the environment. The products are produced exclusively "Made in Germany".

Dr. Jacoby - Promote mobility with all the power of nature.
